Stopped over a
Magnetic uncoupler,
allowing slack to occur
between the couplers.
Knuckles have opened.

Withdraw slightly to
disengage couplers.
Magnetic force of the
uncoupler draws
couplers apart,
uncoupling them.

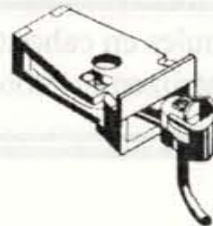

Enter over uncoupler
again, couplers are in
delayed pushing of
car(s) without causing
re-coupling.

Withdraw, leaving
uncoupled car(s) on
desired track. Couplers
automatically return to
normal coupling
position.
